NYLON CABLE GLAND
AG-75

Description

Features

●Material: UL94V-2 flame rated, UL approved Nylon 66, TPE for Seal, PVC for Washer.
●Color: Black, available in other colors.
●Suit a variety of applications, and diverse industries.
●Function: Mount gland to pre-drilled panel hole, use locknut to fix gland on board, insert the cables in the seal, and then tighten up the nut to hold cables in position.
●Feature: Simply and quickly fixed, high degree of the protection IP68 preventing dust and water.
●Part number AG-D series, smaller size, suit for smaller cabinet.
●Available to order the accessories separately. Follow the drawing and add the letter to the suffix part number, L for locknut, W for washer, B for gland body, S for seal, N for nut. For example, AGL-12 if you would like to only order locknut for M12X1.25
