

SVR AC Automatic Voltage Stabilizer

◆ Application

- ◇ High precision of output voltage.
- ◇ Compact size, light weight.
- ◇ Continuous and stable voltage, wide range of regulation.
- ◇ Strict design, accurate assemblage.

◆ Specifications

Type	SVR-500VA、1000VA、1500VA、2000VA、3000VA、500VA
Input Voltage	150V~270V
Output Voltage	220V ±3%、110V±6%
Delay Output Time	3-7min/3-7sec
Frequency	50Hz/60Hz
Usage Area	Computer, lighting equipments, TV equipments, medical equipments, communicating equipments, fridge & freezer, air condition, PABX, house electrical and electronic appliances etc.
